

Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it. Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

SURGEON STRICKEN AT WORK.

Knife Dropped from His Hand While Performing Operation.

Chicago, Nov. 1.—While he was performing a most serious operation Monday in the Michael Reese hospital, Dr. J. W. Oswald, one of the leading surgeons on the north side, was stricken by paralysis.

The operating knife dropped suddenly from his hand; was picked up by an interne, and handed back to him; it dropped again from his nerveless fingers, and then the attendants understood. They carried him from the room and another surgeon completed the operation. It is not expected that he will recover, or even temporarily regain consciousness. Dr. Oswald is forty-two years of age.

BANK ROBBED OF AT LEAST \$1,500,000

Comptroller Ridgely Will Try to Recover Funds of the Enterprise National Bank.

Washington, Nov. 1.—Comptroller Ridgely said yesterday that as far as the condition of the Enterprise National bank of Allegheny appears from the examination now being made, it was safe to say that the shortage would not be less than \$1,500,000. The funds of the bank were abstracted by the dead cashier, T. Lee Clark, but owing to his fraudulent bookkeeping it has not yet been ascertained what disposition he made of the bulk of the misappropriated funds.

Much of the collateral securing bills receivable had also been fraudulently abstracted by Clark, and the bulk of it has not yet been found. Fraudulently issued certificates of deposit are being discovered, and until all the pass books held by depositors are returned it will be impossible to state approximately the full amount of the loss.

The receiver has the assistance of a number of the most competent experts connected with the comptroller's office, and no effort will be spared to ascertain where the funds of the bank have been placed, and to recover, as speedily as possible, any that can be traced.

I Had Stone in the Bladder, and my kidneys were affected. None of the means taken for relief produced any lasting benefit until I began the use of Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y. The pain ceased—the calculus or stone having been dissolved by the medicine. I am ready to testify that my recovery was due to Dr. Kennedy's Favorite Remedy.—E. D. W. Parsons, Rochester, N. Y.

READY TO RECOGNIZE NORWAY.

A Cordial Welcome Extended by Many Nations.

Christiania, Norway, Nov. 1.—The United States, Russia, Great Britain, Italy, Switzerland and Brazil have already declared their readiness to enter into official relations with Norway in reply to Foreign Minister Lovland's notification sent out to all the powers after King Oscar's abdication that the Norwegian government desired to open the usual diplomatic relations with them. The replies are couched in the most courteous terms and some of them are accompanied by a cordial welcome of Norway into the ranks of the fully independent nations.

25,000 DOLLARS

A Story Everyone Should Read.

This sum of money, \$25,000.00, will be given to any charitable institution if it can be shown that the story of Father John's Medicine is not true in every particular. This story, in brief, is as follows:

Half a century ago Rev. Fr. John O'Brien of Lowell, Mass., through overwork and exposure, became seriously run down. A cold and stubborn cough and lung trouble threatened his life. An eminent specialist gave Father John, as he was fondly called, a prescription to cure the cold and remove the lung trouble, as well as to build up and strengthen the body. The clergyman began to improve at once, the cough dis-

appeared and his lungs healed. It corrected his digestion, made new tissue and Father John was soon restored to his former health and strength.

Father John recommended the medicine to his parishioners and friends and because of its merits it became the family remedy in thousands of homes, and it became known as "Father John's Medicine," having been so named by the people, and was advertised, all with the approval of Father John.

It will cure all throat and lung troubles, prevent pneumonia and consumption, and make flesh and strength if taken faithfully. It is not a patent medicine and does not contain alcohol or poisonous drugs. Guaranteed.

ARRAIGNS COMMERCE COMMISSION.

Railroads File Brief Attacking Decision on Livestock Rate Regulation.

Chicago, Nov. 1.—The attitude of the Interstate Commerce Commission in the regulation of rates upon livestock and livestock products, which has been the subject of litigation before Judge Betha, is attacked in a brief which Attorney Edward Baxter, representing the Chicago, Great Western and several other roads filed Monday. The document contends that the Commission erred in the decision rendered, and that the effort to secure an injunction to enforce this ruling of the Commission would be unjust and grossly injurious.

THE DOCTOR

Prescribed Vinol for the Son of a Prominent Clothier.

Mr. Leo G. Heilbrun of Decatur, Ill., writes: "It is a pleasure for me to endorse Vinol after what it has done for my son Herbert. He was in a delicate condition and had no appetite. Our physician suggested Vinol, and it has proved highly beneficial, building up his appetite, increasing his flesh and improving his health generally."

HERBERT HEILBRUN.

Mr. Wells of Rickett & Wells, our local druggists, says: "There is nothing like Vinol for growing children. It makes new vitality, sound flesh and muscle tissue, and rich, pure, red blood, and many letters have been received from grateful fathers and mothers whose children owe their health, and even life, to Vinol."

"The reason Vinol is so far superior to all other tonics and cod liver oil preparations for children is because it contains, in a concentrated form, all of the strengthening, body-building elements of cod liver oil, actually taken from fresh cods' livers, but without a drop of oil or grease, and it does not upset their weak, delicate stomachs like old-fashioned cod liver oil and emulsions, but is easily assimilated, and is so delicious that children all love it."

Continued Mr. Wells: "We cannot recommend Vinol too highly for puny, weak and ailing children, to build up the run-down, overworked, tired and debilitated, or to give renewed vitality to the aged. So sure are we of what it will do that we cheerfully refund the money in every case where it fails."

INJURED AT FOOTBALL.

Captain of Plattsburg Barracks Team Seriously Hurt.

Fort Ethan Allen, Nov. 1.—Corporal Donovan, of Company D, 5th United States Infantry, of Plattsburg Barracks, captain of the football team of that garrison is in the hospital here in a precarious condition as a result of injuries received in the game between the team of this post and Plattsburg Barracks on Saturday afternoon. Near the end of the game Donovan was under a scrimmage and struck a rut in the ground. He picked himself up and continued playing. As the cheer was going on for the Ethan Allen team winning, Donovan fell to the ground unconscious. He was picked up and carried to the post hospital on a stretcher, where an examination showed that he had received internal injuries.

DEATH CAME INSTANTLY

Edward Gladue of Burlington Was Killed Yesterday.

ACCIDENT OR SUICIDE?

Was Very Low With Bright's Disease and Asked for His Revolver—In a Few Minutes Fatal Shot Was Fired.

Burlington, Nov. 1.—Edward Gladue, a mill hand shot himself yesterday with a 32-caliber revolver, the bullet entering under the chin and passing through the roof of his mouth and lodging in the brain, death being instantaneous.

Mr. Gladue was a mill hand and the past four years had been in failing health. For the past three months he had been confined to the house with Bright's disease, not being able to go to bed at night but sitting in a reclining chair night and day. He resided in one of the houses on the bank of the river below the lower road with his aunt, Mrs. Celina Degraff. Yesterday he was in a very weak condition and the end was expected at any moment. He told his aunt that he was going to give his revolver to Edward Ward, a neighbor, and asked her to bring it to him. He also called for some kerosene to clean it with. It was while he was cleaning the revolver that in some manner it was discharged. Mrs. Degraff was in the same room, but her back was turned to her nephew. On hearing the shot she turned and found him lifeless, and blood flowing profusely.

Mr. Gladue was 44 years old and a mill hand. He is survived by one brother, Phillipus Gladue, of Lowell, Mass.

PARTY IN A CEMETERY.

Fashionable Hartford Church Crowd Has Novel Idea.

Hartford, Ct., Nov. 1.—A Halloween party spent Monday night in the ancient burying ground, picking out the gravesites of Hartford founders by the light of lanterns. Crowds watched the men and women climbing over the grave-stones.

The party was the climax of an entertainment in the parlors of the Centre Church, the wealthiest Congregational church in this city. The party, with lighted candles, followed the leader, Oscar A. Phelps, on a tour through the cemetery. They had to pass through a window in Pastor Potter's office and all went through except the Rev. Dr. Potter.

People first thought midnight marauders were at work, and were surprised to find it was only some of the most fashionable church people, out for a lark.

PRESIDENT SAFE, BACK IN WHITE HOUSE

Driven in Phaeton by Mrs. Roosevelt From Navy Yard, Where He Landed.

Washington, Nov. 1.—President Roosevelt arrived at the navy yard at 11.35 a. m., yesterday. He was greeted with the customary salute of twenty-one guns. The Marine Band played "The Star Spangled Banner" as he descended the gangplank from the Dolphin. Sixteen officers in gold lace, who were drawn up at attention, and the crowd which had assembled around the wharf all stood with uncovered heads until the anthem was finished.

Mrs. Roosevelt was at the wharf with a basket phaeton to meet the President, and shortly after landing he drove away with her to the White House, followed by the secret service men in a buggy and Secretary Loeb and Dr. Rixey in carriages.

The voyage of the Dolphin up the Potomac from Wolf Trap Light was uneventful, save for a fog which caused an hour's delay below Maryland Point. The President appeared to be in excellent health.

Brain Workers.

Brain workers suffer from headache because they over-tax and exhaust the brain nerves. Tired, irritated, turbulent brain nerves throb and ache; this weakens the brain power, and robs the memory.

Dr. Miles' Anti-Pain Pills bring tranquility to the excited nerves and stop the pain. If not relieved, this nerve disturbance is frequently extended to the stomach, causing nausea, vomiting—sick headache.

Dr. Miles' Anti-Pain Pills are convenient to take—just a little tablet, that in a few moments relieves the pain; they leave no disagreeable after-effects, as they contain no opium, morphine, cocaine or chloral in any form.

"From personal experience I can testify that Dr. Miles' Anti-Pain Pills are a most excellent remedy for headache and neuralgia. I have been a great sufferer from both diseases for the past three years. A friend who had also suffered from neuralgia handed me some of the Anti-Pain Pills. I took them and they gave me almost instant relief. Since then I have a package at home, and another at the office, and they never fail to relieve me."

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk. **Miles Medical Co., Elkhart, Ind.**

HOBOS' NEW GAME.

Smoke a Cigarette in Indiana and Go to a Warm Jail.

Chicago, Nov. 1.—Indiana jails are filling up with tramps from Chicago and other Northern cities. The tramps are willing. In no other State are jails so luxuriously furnished, so warmly heated, and in no other such palatable dishes set before prisoners. County sheriffs vie with one another in furnishing good board.

In no other State is it so easy to break into jail. By standing on a street corner and blowing rings of smoke from a cigarette toward the town clock one can get arrested in Indiana, for the Hoosier Legislature has made it a misdemeanor to smoke cigarettes.

From all parts of the North the tramps are migrating, spurred on by the first chill blasts of the season, toward the Mecca of hoboedom. At Plymouth, Muncie and Lafayette tramps were arrested Monday for violating the anti-cigarette law. They admitted they wanted to go to jail. The weather is getting bad, they say.

THE NEW YORK CAMPAIGN

McClellan Makes a Bid For Republican Support.

TAMMANY HALL IN DESPAIR

Osborne Campaign Collapses—More Registration Arrests—Odds on Betting Curb Increase in Favor of Jerome.

New York, Nov. 1.—The local political pot boiled away merrily yesterday, its bubbling was music to the ears of some, but others in close proximity to it complained of "hot air." It all depended on the point of view and the condition of the nerves.

The triangular mayoralty contest, the most extraordinary political canvass New York has seen for many years, waxes hotter and more exciting. The canvass is full of surprises and bewildering developments and the most amazing is the surface indications of the Hearst movement.

Mayor McClellan's speech Monday night, generally regarded as a bold bid for Republican votes, was the subject of lively debate at the various party headquarters. Mr. Ivins assailed the mayor's attitude in a trenchant statement, in which he declared not only that Mr. McClellan's utterances were an insult to the intelligence of Republican voters, but that this was the first time that a candidate, so nominated, had attempted to Tammanyize the Republican party.

At Tammany Hall there was evident an impression that Mr. Osborne's campaign for district attorney has virtually collapsed, as a result of what have been denounced as intemperate and tactless utterances on the stump. He is not scheduled for any more speeches, this apparently being regarded as the safest course for the Wigwam to pursue.

Betting on the curb indicated a constantly increasing confidence in Jerome's re-election, regardless of whether his name should appear in the Republican column or not. The odds in his favor were 10 to 6, with no takers recorded. The odds on McClellan were 2½ to 1, and the friends of Hearst offered 1 to 3, with no takers at these figures.

RUSHED TO CITY HALL.

Crowd Tried to Tear Down a Hearst Banner in N. Y.

New York, Nov. 1.—A large crowd of men which had been inflamed by political speeches made at Franklin's monument, in Park Row, yesterday, attempted to tear down an immense Tammany banner bearing a red flag, having on it the name of W. R. Hearst. In response to a shout, "Let's tell McClellan what we think of him," they then rushed to the city hall shouting for Mayor McClellan. The crowd swept into city hall and although it did not find the mayor there, it had possession of the steps and main corridors for 15 minutes before a sufficient force of police arrived to disperse the gathering. The crowd confined itself to speech-making from the city hall steps.

CLAIMS 60,000 MAJORITY.

Philadelphia Reform Party Is Confident.

Philadelphia, Nov. 1.—From reports received by the city committee of the City Party, Franklin S. Edmonds, chairman, claims a majority of 60,000 for the reform ticket in Philadelphia. Mr. Edmonds says:

The reports we have received to date justify the claim of 60,000 majority for the candidates of the City Party. We are also of the opinion now that every ward in the city is a fair fighting ground for us. No such returns have ever before been turned in by our canvassers, and in every case where we have made supplementary canvasses to reassure ourselves we find even better reports than the first in hand. It is fair to say that our returns actually indicate a majority of 60,000. I have been told that our friends, the enemy, concede us thirteen wards. I am happy to say that we cannot, in justice to ourselves concede them so many.

John Doe X His Mark

A man's mark is his honor. It stands for him and he stands for it. It's the old Saxon way of signifying good intentions. The right to be protected in the exclusive use of a trade mark has been long recognized by the common law and enforced by the chancery courts of England and this country. The Government puts its mark on a bond to give it value. The NATIONAL BISCUIT COMPANY puts its trade mark in red and white on each end of a package of biscuit, crackers or wafers to distinguish these products and to guarantee the quality, and it does. To more clearly comprehend the real value of this trade mark, try packages of BUTTER THIN BISCUIT and LEMON SNAPS.
